

1. Introduction

1.1 We understand that the privacy of your personal details, and the security of your transactions with us, is of paramount importance to you. The Academy has therefore adopted data protection policies with respect to your privacy and security. The Academy's Privacy Policy sets out the rules we will abide by when dealing with personal information we collect from individuals in the course of our business.

1.2 We may make alterations or additions to this policy from time to time. Should we do so, we will update the policy on our web site. We require that all our customers agree to abide by our Privacy Policy as part of our terms of trade.

1.3 Please note that we cannot and do not assume any responsibility for the privacy or security practices of any other website which you may be able to access through our site, or for our customers' level of compliance with our code.

2. What Information Do We Collect?

The Academy collects different information about you at different times. There are four broad categories of information that we collect from you:

2.1 Information we require to supply our services.

- (a) When you enrol with the Academy on one of our courses, or when you make an enquiry about our courses, we request information such as your name, address, telephone number, email details of your primary and secondary contacts, and type of business or job/career you are in. We may also ask for your age and gender.
- (b) We may also monitor and/or record telephone conversations with you from time to time in order to train staff and to improve our service to you.

2.2 Non personally identifying information.

- (a) In addition to the information you specifically provide above, the Academy operates statistics gathering software on its web site to collect information about the number of visitors coming to the site. No identifying information is collected by this software. The software records the IP address of the visitor only. We use this information to improve our own technical structure and performance, and to determine which areas of our web site are most popular.

(b) We also sometimes may use 'cookies'. Cookies are pieces of information that a web site can transfer to an individual's computer in order to allow that web site to store information about user preferences. We use cookies which expire once the visitor leaves our website. Cookies are used to collect session ID's. It is possible to adjust your internet browser to refuse cookies, but you may find that this reduces the functionality of our website.
